

MATER MISERICORDIÆ MISSION

CHILDREN'S CHOIR

Since the formation of the mission we have wanted to have a children's choir and it appears that the time to start one is the present. The choir will be open to children from 3rd through 8th grades. We would also be interested in any older children who might like to help with the choir.

Children will learn basic Catholic hymns and prayers in English and Latin, and the basics of Gregorian chant and polyphony. We would like to begin soon so that they can sing at our Easter celebration this March.

Given our present location and the difficulty of travel it is a little hard to schedule rehearsal times and so it appears that either before or after Religious Education classes or before or after Sunday Mass would be the most convenient times. You will be asked to vote for a practice time at the bottom of this page.
